Why Conduct a Regional AI?

- Results of Fair Housing Study will be integrated into the Vibrant NEO Scenario Planning Process.
- This study can also be used at a local level by entitlement communities as their own Analysis of Impediments to Fair Housing Choice.

NEOSCC Regional AI

**Jurisdictions receiving federal
funds for housing and
community development must:**

**Certify that they are affirmatively
furthering fair housing (AFFH)**

Kent is an Entitlement Community

NEOSCC Regional AI

Certification means three things*:

- **Conduct an AI**
- **Take action on impediments if impediments are found**
- **Maintain records of actions**

*** Means Three Things for the Consolidated Planning Process**

NEOSCC Regional AI

Include FHEA Elements:

- **Measuring racial and ethnic isolation and segregation in the Region**
- **Identifying racially and ethnically concentrated areas of poverty**
- **Evaluating access to opportunity**
- **Reducing social and economic disparities**

NEOSCC Regional AI

Purposes of the study:

- Identify any impediments to fair housing choice
- Determine equity concerns
- Recommend actions that address impediments and equity barriers

Purposes of Today's Meeting

- Advise you of some preliminary findings
- Offer you opportunity to comment on what direction these findings are pointing toward
- Provide us with your opinions about fair housing issues, potential impediments, barriers to equity and opportunity, and how to best address them

NEOSCC Regional AI Thirteen Fair Housing Forums

- **Present you with context, fair housing information, and preliminary results of our analysis**
- **Receive comments, input, and your experiences with fair housing**

Definition of Impediments to Fair Housing Choice:

**Actions, omissions, or decisions
that restrict housing choice
because of protected class
status**

Who is protected?

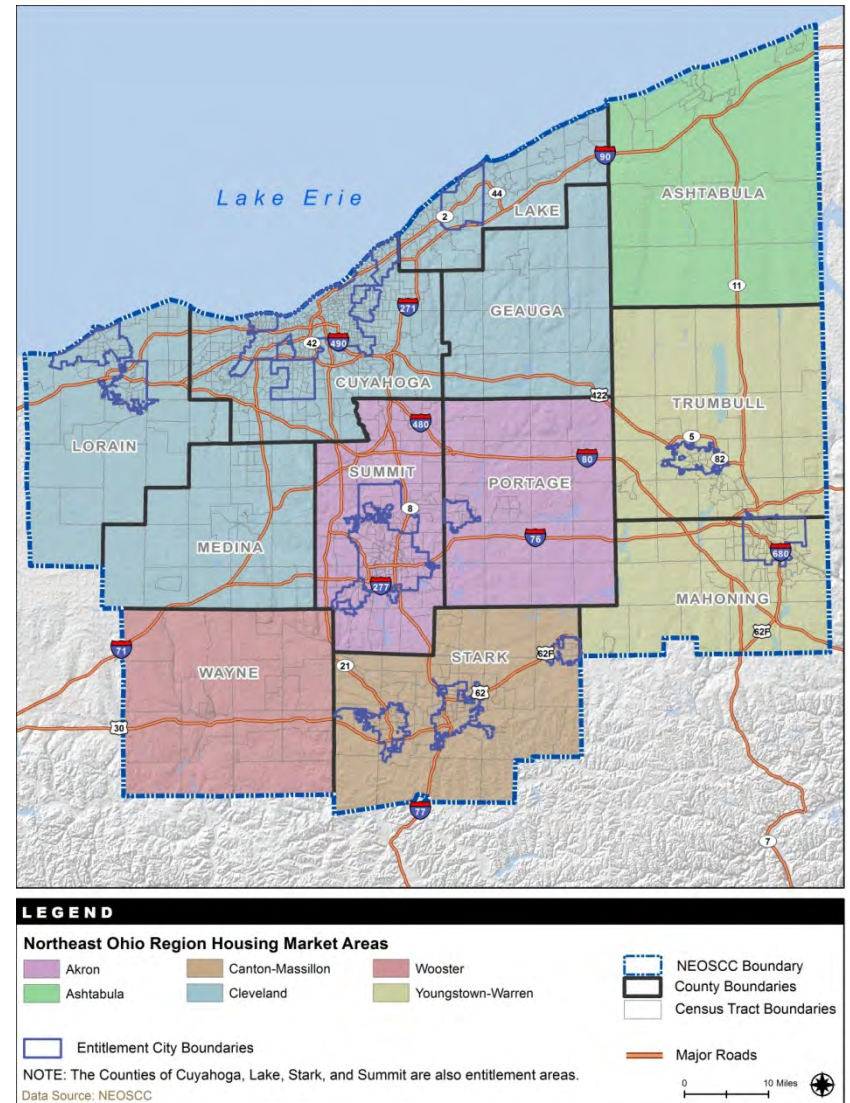

**Protected classes
under Ohio and or Federal law:**

**Race, color, sex, national origin,
ancestry, religion, disability, familial
status or military status**

NEOSCC Region

**Comprises: Six
Housing Markets,
12 Counties,**

**18 Entitlement cities
4 Entitlement counties
8 Non-entitled county
areas**

SET THE COURSE FOR NEO'S FUTURE

This year, you have the opportunity to help create a new, shared vision for a more vibrant, resilient and sustainable Northeast Ohio. The first opportunity is almost here – so *save the date!*

The VibrantNEO process will look at the future of Northeast Ohio through a series of public workshops and online tools. What will it look like in 2040 if we keep doing what we're doing? What are the potential outcomes if we do things differently? **We can only answer these questions together.**
